Angola D2TX (JH85) QRV 12-16 August

Bernie ZS4TX plans to be active from Angola on 2m EME starting at moonset on August 12th. 6m and 70cm may be added to the operation but it is not sure yet. More details will be posted later, please have a look at the dedicated website www.grz.com/db/d2tx. 2m equipment will be IC9700 + amp + 2x 2M18XXX yagis. As far as can be determined, this will be the first time that D2 is active on 2m EME or EME on any band.

KA6U continues his USA 5 Month Roving Trip

Peter has updated his plan. Next activities are from Kansas on July 19th and from Nebraska on July 20th. Please check his blog ka6u.blogspot.com/2022 for updates. There will be no operations from July 21st - July 24th as Peter will be attending the Central States VHF Society annual meeting in Wisconsin from July 22 - July 23. He'll resume activities in the Midwest on July 25th or 26th.
